### Hockeyfest

8th September

New set up this year; a mixed session followed by the usual BBQ at the club.

## Season Round Up

This season saw many great successes; Every team improved on last year's league position, the juniors filled to capacity, we introduced new teams such as adult mixed and U14 girls and we hosted some of the best socials we've seen in a long time.

### *Thanks to Lorna*

The junior section has been the club's good news story of the past few years and it is all thanks to Lorna who restarted the section 6 years ago. She has built a happy, successful section who have filtered several players up in to the adult teams. Sadly, she has chosen to step down as Youth Coordinator but will continue to support the section on a Sunday.

## Get Involved

In order to build on the positive momentum of last season. We need to continue to grow.

### #Come and Play

We will again be providing incentives for members to bring friends in to the club with our Member Get Member offer.

**£25 BACK  
FOR EVERY NEW  
MEMBER  
YOU RECRUIT**

### #Come and Coach

The junior section is vital to the club financially and for producing players. We have 70 junior members and can't fit any more on to one pitch. The only way to grow will be to run two sessions however, at the moment we do not have enough coaches to do this.

### #Come and Umpire

We are very reliant on a small numbers of umpires and Chris Putt's magic. There is a course at Lea Valley this summer.

**FREE MATCH FEES  
WHEN YOU UMPIRE**

### #Come and Support

We, again, rely on a small number of people putting a lot of work in to running the club. Please support them by taking on little jobs where you can.

## The New Committee

Happily, much of the committee remains unchanged. As mentioned above, Lorna has stepped down as Youth Coordinator. Sam Deane has taken over as Secretary and Gemma is now Welfare Officer.

## Finances

The club have again made it to the end of the season in the black. We thank members for their reliable payment of subs and match fees and the income raised through socials this year however we are still in a precarious position and need to focus on growing the club:

1.) We currently pay a *hugely* reduced price at Aylward but if they were to charge us the going rate, that would change our position dramatically.

2.) Umpire costs came in well under budget, mainly because Chris Moran umpires for us free of charge. Remember, if you umpire you do not pay match fees.

3.) The junior section currently makes more than it costs and is supporting the adult section. This is due the kindness of our volunteer coaches and if we had to pay a coach, this would again, be a major financial burden. Please support this section by helping out on a couple of Sundays.

## Teas

Teas have been a big talking point this season, the committee will look in to this over the summer. We could get more but it would cost members more. Is it worth it? Do you have an opinion? Talk to us.

## Astro

As always, building an astro at the club was mentioned. A sub committee is going to looking to this more seriously. If you would like to be involved- contact Adam Bilimoria.

# Membership Offers

The Queens Head in Winchmore Hill is a gold sponsor of the Winchmore Hill Sports Club and have kindly offered members this membership card which you can print and use. Proper cards will be available at the start of the season but they wanted you to have it before the world cup!

If you own or know a business that wants to sponsor the club, there are bronze, silver and gold packages available to suit all budgets.
